

# The Light Source Mega-Batten Clamp

The two-piece, Mega Batten Clamp is great way to hang 1-1/2" pipe. The tight compression fit keeps pipe from rotating within the clamp. The Mega Batten Clamp wraps around the pipe batten on both sides and fastens with two 5/16"-18 TPI socket cap screws using a 1/4" hex driver. Secure to structural supports through nominal 1/2" hole at top of clamp with up to a 7/16" shackle pin, quick link, or turnbuckle jaw. CNC Machined 3/16" thick x 2" wide 6061T-6 Aluminum.

When securing to truss, be sure to tighten the long side first.

**Minimum Size**

1.5" Pipe, 1.9" OD Pipe

**Maximum Size**

2" OD

**Working Load Limit**

1250 pounds

**Hardware**

5/16" x 1" socket head cap screw  
5/16" zinc plated nylon hex nut

**Dimensions**

5.5" tall x 2" wide x 1/4" thick

**Weight**

.55 pounds

**Case Quantities**

48

**Order Codes**

**MBATM** Mega-Batten Clamp, Silver  
**MBATB** Mega-Batten Clamp, Black Anodized  
**MBATW** Mega-Batten Clamp, White Powder Coat, Matte White
